BEAM DENTAL PLAN

We are pleased to announce a new dental plan with increased benefits!

Signature Care will no longer be offering a dental network as of 2022 so we are changing dental providers. Our new carrier, Beam Dental offers some exciting new benefits. Cleanings will no longer track towards the annual maximum which will give you more benefits for other services. The deductible is waived for both in-network and out-of-network providers for preventative services.

BEAM PERKS INCLUDE:

- Every member receives a smart, electric toothbrush, paste, floss & refill heads. The brush is Bluetooth connected and has an auto-off and built in timer with custom power settings.
- Easy to use mobile app and web portal. The app features a digital insurance card, find a dentist, and you can track your brushing history.

For more information on this new plan, go to the Benefits Website.
