SUMMARY

Incumbent assists in the implementation and enforcement of the City of Fort Wayne's Industrial Pretreatment Program and enforcement of the City's Sewer Use Ordinance. The incumbent is expected to exercise good judgment, independence, initiative, and professional expertise in conducting day-to-day operations. All work duties and activities must be performed in accordance with City and department policies and procedures as well as federal, state, and local regulations.

ESSENTIAL DUTIES AND RESPONSIBILITIES include the following. Other duties may be assigned as reasonably expected.

- Collects wastewater samples of industrial, commercial and contract discharges in accordance with approved procedures;
- Acts as primary backup to Analytical Chemist position and secondary backup to Plant Operator position for the collection of samples;
- Collects offsite WPC Plant samples as directed;
- Collects river samples;
- Collects WPC Plant influent and effluent samples for NPDES reporting;
- Conducts on-site inspections and audits of Industrial Users subject to the Pretreatment Program;
- Confers with industrial and commercial management and provides information pertaining to wastewater pretreatment;
- Prepares and mails letters of correspondence and permits to industrial and commercial users;
- Investigates and writes reports on chemical and oil spills;
- Inspects installation of private wastewater flow meters, sewer control manholes and grease interceptors;
- Arranges the ordering of spare parts;
- Maintains mechanical and electrical functioning of sampling and measuring equipment;
- Assists in training of other employees;
- Writes weekly sampling schedules;
- Maintains files, records, reports, and drawings necessary to perform duties;
- Performs wet chemistry analyses in the Laboratory when needed;
- Works with industrial and commercial management regarding their wastewater treatment programs and permit requirements;
- Produces clear, concise reports;
- Uses computers and software to track sampling activities and maintenance of sampling equipment;
- Reads Contract Customer flow meters and sends read reports to billing department;
- Reviews submitted materials and attends routing meetings when needed;
- Provides input and information for O&M and Capital budgeting processes.
- Sets portable, programmable flow meters and pH meters;
- Enters Industrial Discharge Monitoring Report (DMR), and Waster Hauler Manifests for billing purposes;

- Tracks various IPS reports/Annual Inspections/Restaurant Samplings;
- Sends out Restaurant Exceedance packages;
- Processes and releases sample letters from Lab and IPS;
- Completes and distributes Notices Sent report and DMR Tracking list;
- Assembles and mails permits and correspondence for industrial users;
- Performs duties in accordance with City of Fort Wayne safety rules and operating regulations;
- Ability to pass post-offer screen for this position;
- Communicates effectively both orally and in writing.

PERFORMANCE EXPECTATIONS

The incumbent is responsible to manage their performance in accordance with this job description and the performance expectations provided to them by management. If at any time the incumbent is unsure of their role or specific responsibilities, it is the incumbent's responsibility to refer to their job description and ask for clarification from their supervisor. Management will work with the incumbent, as needed, to ensure performance expectations are clearly communicated and performance goals are achieved.
