SUMMARY

Working under the direction of the Shop Supervisor, incumbent will be tasked to complete maintenance and repairs to a variety of equipment including, but not limited to, small and large construction equipment, street sweepers, pavers, specialty sewer equipment, fire trucks, sedans, SUVs, pickup trucks and vans. The incumbent is expected to exercise good judgment, independence, initiative, and professional expertise in conducting day-to-day operations. All work duties and activities must be performed in accordance with the City safety rules and operating regulations, policies and procedures as well as federal, state, and local regulations.

ESSENTIAL DUTIES AND RESPONSIBILITIES include the ability to interact with the public, City incumbents, and outside agencies with patience, tact, respect, and professionalism and assist in the maintenance of the City's 2,200 plus fleet assets. Essential duties also include the following and other duties may be assigned.

- Performs preventative maintenance services according to the city's 125-150 point inspection program (depending on type of equipment being serviced), accurately and within a reasonable time frame and with a quality of work that exceeds expectations;
- Documents defects found during preventative maintenance service and reviews findings with the Shop Foreman for direction;
- Performs minor, moderate and advanced range repairs associated with preventative maintenance defect findings (ie. fluids, brakes, tires, lights, hydraulics) and general repairs as well as removal and replacement, and diagnostic work accurately as directed by Shop Foreman service writer including: emission control systems; diesel engines, hydraulic systems, electrical problems on computerized vehicles, conditions between computer, ignition, and mechanical problems, anti-lock brake systems; all non-computerized accessories; drivability problems; on-board computer problems; fuel injection; ignition on computerized vehicles; auto transmissions; computerized A/C systems and four-wheel drive internal components, etc.;
- Utilizes diagnostic software to diagnose, program and/or rebuild in efforts to repair and replace all city-owned equipment in the most cost-effective manner;
- Coordinates with Shop Service Writer and Fleet Supervisor regarding shop needs, specialty tools, diagnoses and finds creative options to enhance the longevity of the units in the fleet;
- Performs major and minor mechanical repairs to two stroke and four stroke compression ignition and spark ignition engines;
- Maintains a clean work area, following the organization and safety rules in place;
- Completes a daily/weekly/monthly shop chore assignment given by the Operations Manager;
- Safely uses all power and hand-held tools including the shop floor cleaning equipment;
- Safely moves vehicles in and out of garage area as well as porters vehicles to outside vendors;

- Uses the fleet management software, Faster, for data input that tracks repairs and identifies the concern, cause and correction for each assignment. Inputs precise notes and completes all necessary forms accurately;
- Assists the parts personnel with identifying and ordering the correct parts for repair and replacement;
- Performs new vehicle make-ready service (ie. installation of emergency lighting and equipment fabrications) as well as the removal of items in decommissioned vehicles;
- Performs advanced road-side assistance to city-owned vehicles (ie. jump-starts, tire changes);
- Participates in educational opportunities; reading manufacturers' publications to further industry knowledge.
- Acts as back-up to the Service Writer – Foreman in his/her absence; Complete necessary tasks including answering the phone, writing work orders, assigning jobs, and communicating information to the Shop Supervisor. The employee will be trained on the job, when time permits.

MARGINAL FUNCTIONS

- Assist and train Mid-Level and Entry Level Technicians;
- Must perform any mechanical task set forth by supervision.

PERFORMANCE EXPECTATIONS

The incumbent is responsible to manage their performance in accordance with this job description and the performance expectations provided to them by management. If at any time the incumbent is unsure of their role or specific responsibilities, it is the incumbent's responsibility to refer to their job description and ask for clarification from their supervisor. Management will work with the incumbent, as needed, to ensure performance expectations are clearly communicated and performance goals are achieved.
