

INSTRUCTIONS FOR COMPLETING ENCROACHMENT LICENSE FORM

To obtain an encroachment agreement from the City of Fort Wayne, the attached form is submitted to the City of Fort Wayne Right of Way Department along with a \$75.00 non-refundable processing fee. City of Fort Wayne staff members review the encroachment application, and recommend approval or denial. The recommendations are forwarded to the Board of Public Works for final determination of approval or denial of the encroachment request.

A legal description of the real estate affected by the request is required as part of the application.

A drawing labeled Exhibit "A" is required. The drawing should detail a plan and profile/elevation view of the encroachment (including length, width, height) as it relates to the property and to the City controlled public right of way. The encroachment must be dimensionally tied to a fixed reference point. The drawing should clearly show property lines, right of way lines, street edges, sidewalks, at-grade City or utility infrastructure, and height above the right of way, if applicable. The drawing should be placed in the document immediately before the final signature pages.

Application can be typed or printed. Use black ink only.

The title-holder of the property involved must sign the application, and a notary public must affirm the owner's signature.

Two originally signed and notarized documents are necessary – one for the Board of Works and one that will be returned to the applicant after Board approval since the Records Office will require an original document. If the applicant desires an originally signed document as well, three signed documents must be submitted. The Right of Way Department will mail the approved agreement to the applicant.

The Board of Works, upon approval of the application, will complete the date field on page 1.

A description of the type of encroachment (i.e. building, sign, irrigation system, awning, fence, etc.) and the location is marked in the blank space in the "WITNESSETH" section of the document.

An approved encroachment license must be recorded with the Allen County Recorders Office, Rm 206, City-County Building to be valid. The applicant is solely responsible for recording the document. Recording fees for encroachment agreements are typically \$11.00 for the first page, and \$2.00 for each additional page, so recording fees are likely to cost \$23.00 including Exhibit "A". Do not record this instruction sheet.

The applicant is expected to contact the Right of Way Department within 30 days following Board approval in order to supply evidence that demonstrates that the document was properly recorded. Failure to do so will result in an order to remove any encroachments previously placed.

Contact the City of Fort Wayne Right of Way Department for questions specific to the encroachment request or process at 427-6155.

Contact the Allen County Recorders Office at 449-7165 for questions pertaining to the recording process.
