

SCHEDULING VACCINE APPOINTMENTS

- ➡ You are asked to bring your foster animals in for vaccine appointments every two weeks.

- ➡ When picking up your foster animal you will receive the date in which the animal will be due to return for this appointment (this is found on medical sheet).

- ➡ You will go to <https://fortwayneanimalcareandcontrol.setmore.com> to schedule your appointment.

- ➡ Please schedule your vaccine/checkup appointment as soon as you can after picking up your foster as appointments slots fill up quickly.

- ➡ If you do not see an appointment slot that will fit your schedule, please reach out to us so we can try our best to accommodate.

- ➡ Please try to be on time for appointments. We have them scheduled in half hour increments and when someone is late that may require appointments to get pushed back and we want to be respectful of everyone's time.

- ➡ If you cannot make an appointment you scheduled or are running behind, please let us know as we may have to reschedule depending on other appointments we have for that day.

- ➡ Only use Setmore for vaccine appointments. If you need to schedule your fosters to come back for surgery, have a medical condition recheck, or anything else related to your foster please email foster.help@cityoffortwayne.org
